International youth exchange
on Social Inclusion

October 16th-23rd 2022

What it is about

Our society has changed enormously in recent years. We live in a more and more global world, where different cultures, races, genders, religions, beliefs and identities are connected. And everyone's needs should be covered equally. The Covid-19 pandemic has had a massive impact on young people and their needs were not taken seriously. Especially young people with fewer opportunities faced challenges.

Therefore the Regional Youth Council of Schleswig-Holstein and the Local Youth Council of Segeberg invite young people from the Baltic Sea Region to exchange their experiences and ideas on Social Inclusion and foster a greater understanding of Social Inclusion.

For us Social inclusion means, being actively engaged in our society's social, economic and political systems, and consequently feeling a sense of belonging and having more choices and opportunities in life.

What to expect

- intercultural exchange with participants from Finland, Estonia, Latvia, Lithuania, Poland and Germany
- the opportunity to discuss Social Inclusion with young people from the Baltic Sea Region
- the chance to contribute your ideas to the youth exchange
- workshops
- expert talks
- excursions in Northern Germany
- free time activities
- loads of fun!
